

## **“A training from Idea to Product Design”**

***Department of Electrical Engineering at FAST-NUCES offers a MS program with expertise in Integrated Circuits and Systems . This is a first and most mature MS IC design program in Pakistan, each student in this program will do the real-world tape out from project conception to the working silicon microchip under the guidance of faculty supervisor from university and industry experts***

## WHY INTEGRATED CIRCUITS (ICs) DESIGN ?

- Pivotal in 21<sup>st</sup> century technology trends; e.g. 5G, AI, and IoT systems.
